CHRISTOPHER RAYAN KUCHAWO

SOFTWARE ENGINEER | FULL-STACK DEVELOPER | NETWORK ADMINISTRATOR

+265990018322 christopherayankuchawo@gmail.com Mzuzu

PROFESSIONAL SUMMARY- Software Engineer with comprehensive training in software development lifecycle, system design, and full-stack development. Completed rigorous 4-year BSc in ICT covering Software Engineering, Algorithms, Distributed Systems, AI, Network Security, and Database Design. Proven experience in developing scalable applications using multiple programming languages (Java, C++, PHP, JavaScript, Python) and modern frameworks. Skilled in SDLC, UML modeling, Agile methodologies, and enterprise system architecture. 5 months practical experience at Mzuzu University ICT Directorate.

SKILL HIGHLIGHT

- **Programming & Web Development:** JavaScript, HTML5, CSS3, React.js, Java, Node.js, Express.js, Python, C#, C++
- **Databases:** MongoDB, MySQL, Postgres
- **Networking & Security:** TCP/IP, network configuration, cybersecurity essentials
- **Tools & Platforms:** Git, VS Code, Linux Postman, Burp Suite
- **Software & Design:** Microsoft Office Suite, Adobe Photoshop (advanced)
- **IT Maintenance:** PC formatting, OS installation, troubleshooting
- **Soft Skills:** Time management, team work, problem-solving

LANGUAGES

- Chichewa: Native
- English: Fluent
- Tumbuka: Advanced

PROFESSIONAL EXPERIENCE

Web Developer & Network Administrator
Mzuzu University ICT Directorate | 5 Months

- **Full-Stack Development:** Engineered and deployed responsive web applications using the MERN stack (React.js, Node.js, Express.js), ensuring seamless user experiences and efficient back-end logic.
- **Infrastructure and system management:** Monitored, optimized, and maintained network infrastructure and systems to ensure high uptime, performance, and secure operation across university platforms.
- **Technical Problem Solving:** Delivered technical support for complex network configurations, hardware setups, and system troubleshooting, reducing downtime.
- **Cybersecurity Implementation:** Applied security principles and utilized tools like Burp Suite and Linux to safeguard sensitive institutional data against vulnerabilities.

EDUCATION

- **Bachelor of Science in Information and Communication Technology**
  Mzuzu University | Pending Graduation: 2026
- **Malawi School Certificate of Education (MSCE)**
  Nthunzi Private Secondary School, Mchinji | Graduated: 2019

CERTIFICATIONS

- **Cybersecurity Essentials**
  Cisco Networking Academy, Mzuzu University| 2025
- **Cyber Threat Management**
  Cisco Networking Academy, Mzuzu University | 2025
- **Network Security**
